FOREWORD

MR. HAL D. VAUGHN

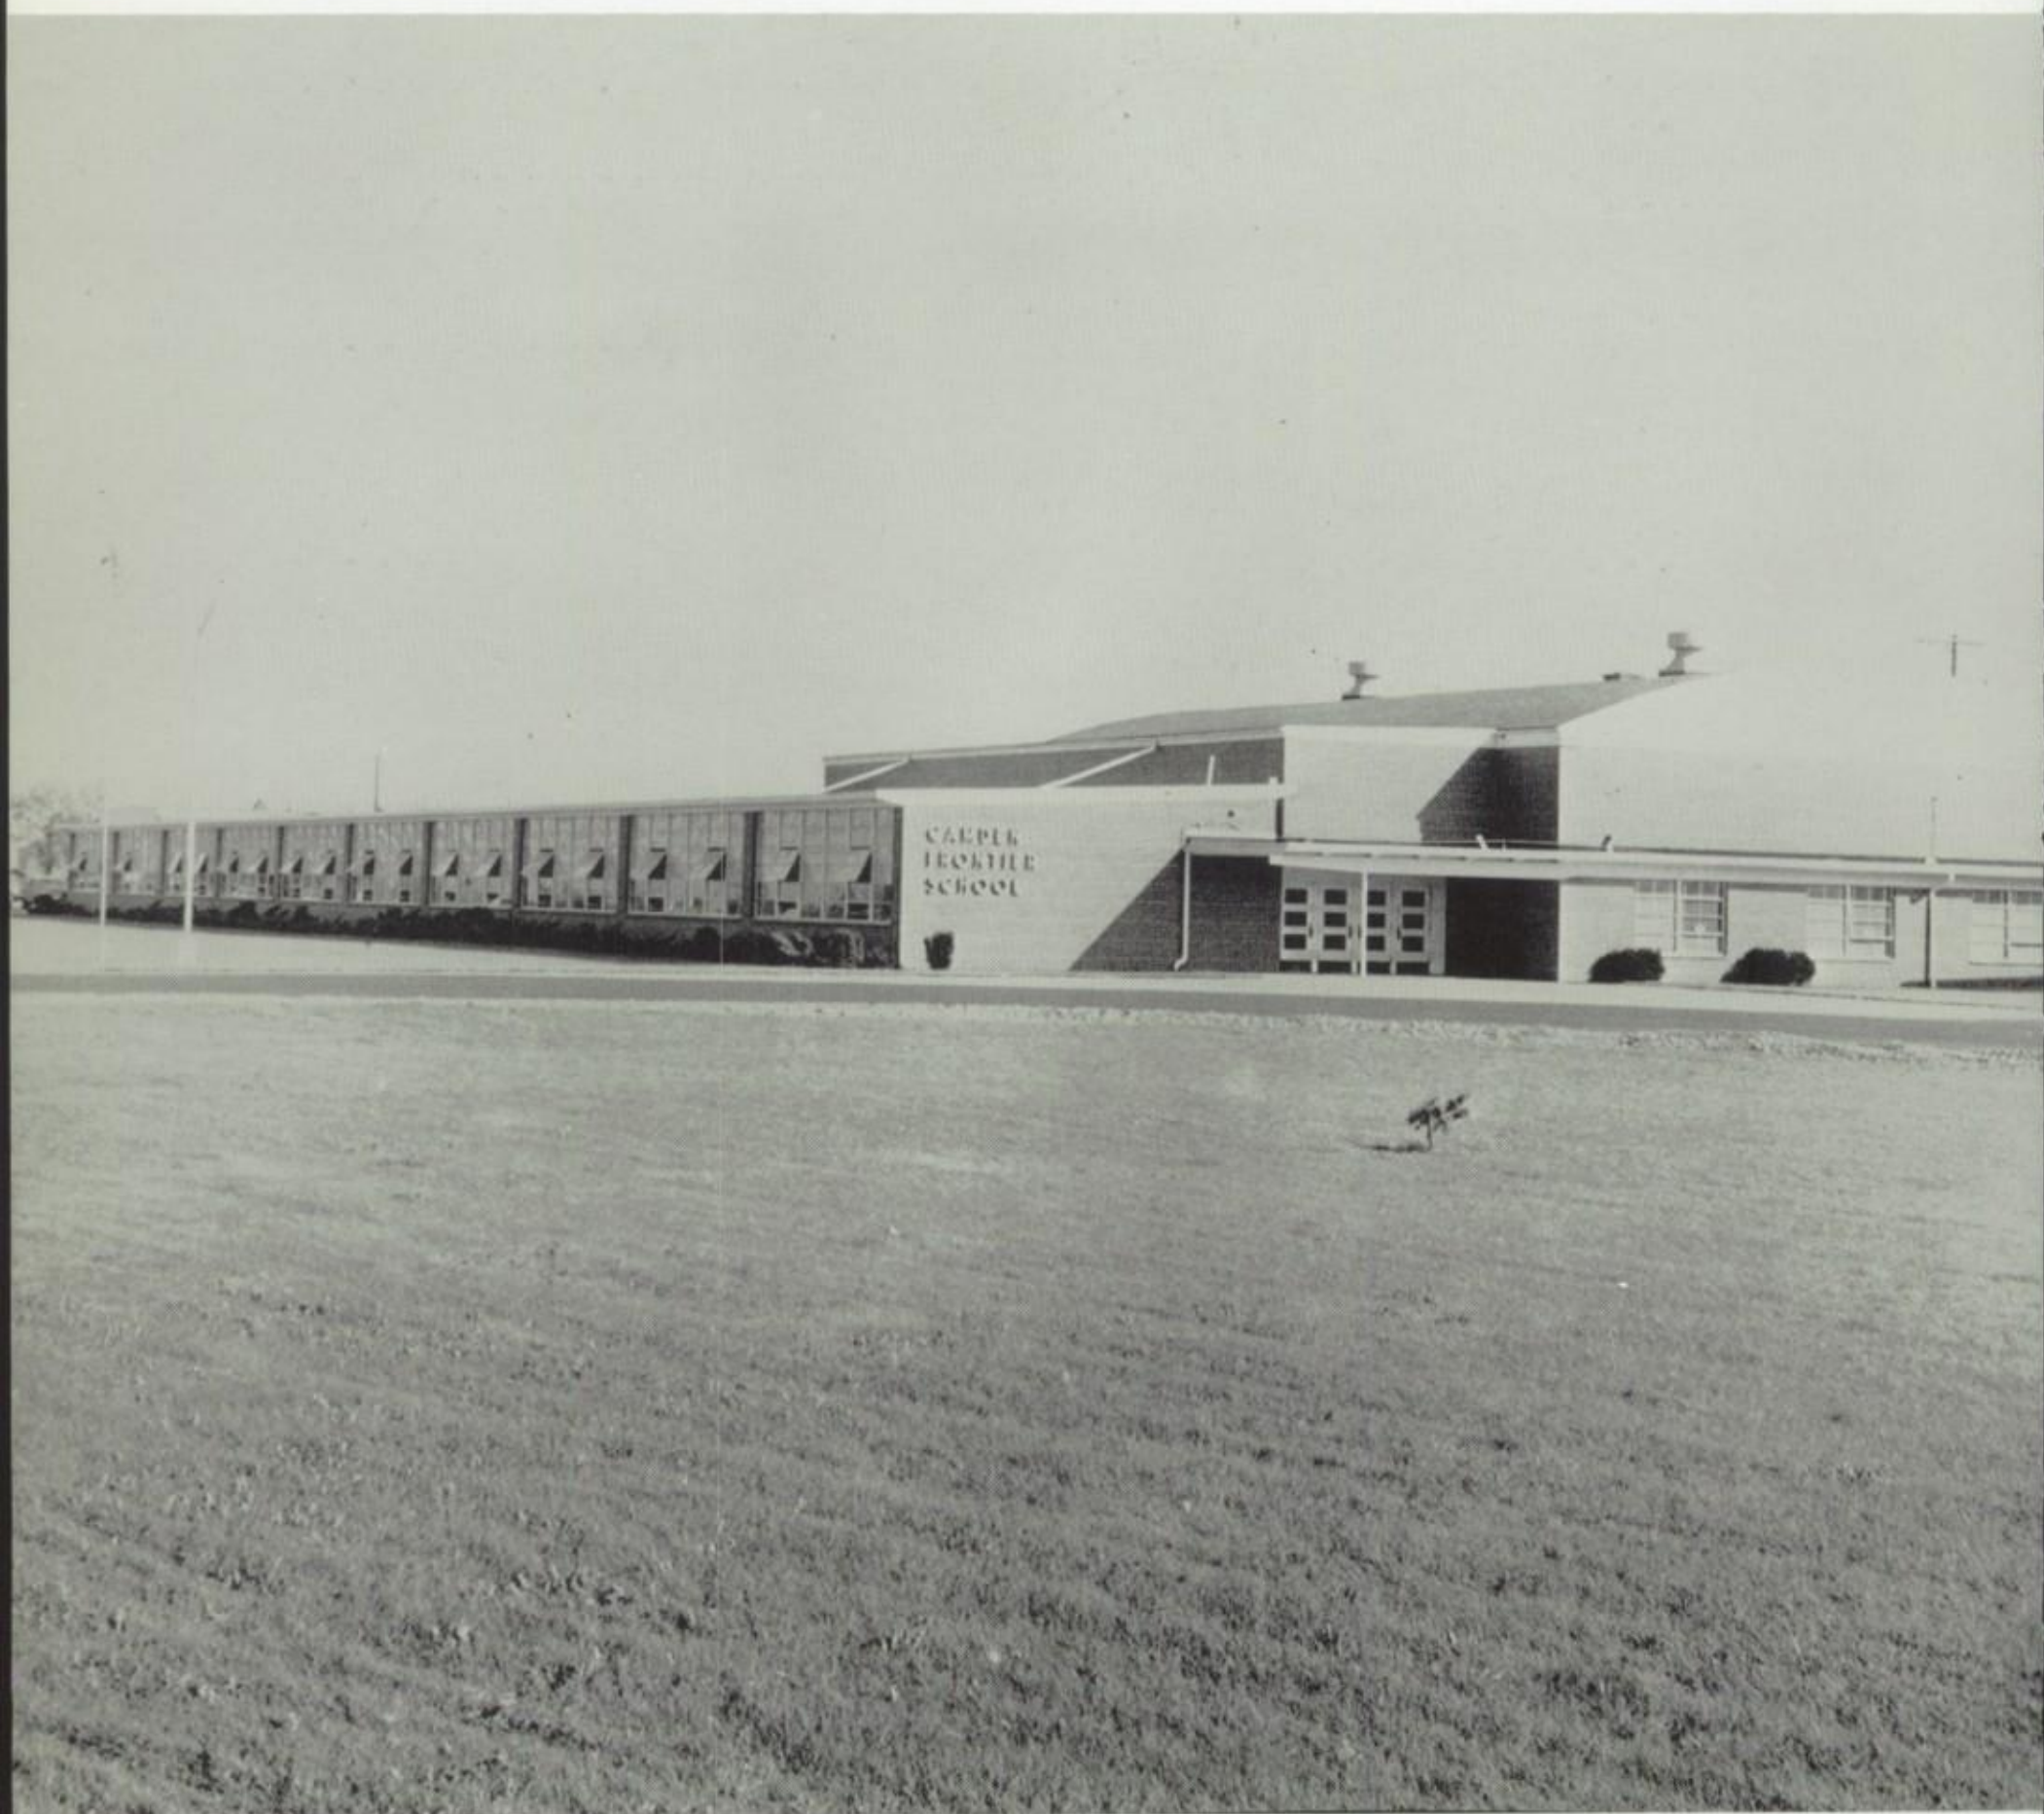

The Senior Class wishes to express our sincere hope that your 1964 annual will serve as a treasure chest of pleasant memories for many years to come.

We have tried to give you an all-around picture of our school and its many activities.

Aside from introducing you to the yearbook, this page is a "thank you" to our Annual Advisor, Mr. Hal D. Vaughn. He has given us encouragement when we were discouraged and helped us solve the problems of producing our annual.

To you, Mr. Vaughn, again we say thank you.

The Staff

ALMA MATER

Thine honor is our one delight,

C-F Hi, our C-F Hi.

Thy colors true are red and white,

C-F Hi, our C-F Hi.

We love to linger in thy halls,

Thy spirit now each heart enthralls.

And e'en the ivy on thy walls,

Speaks to us of C-F Hi.

Thou are not living in the past,

C-F Hi, our C-F Hi.

Thy high ideals must always last,

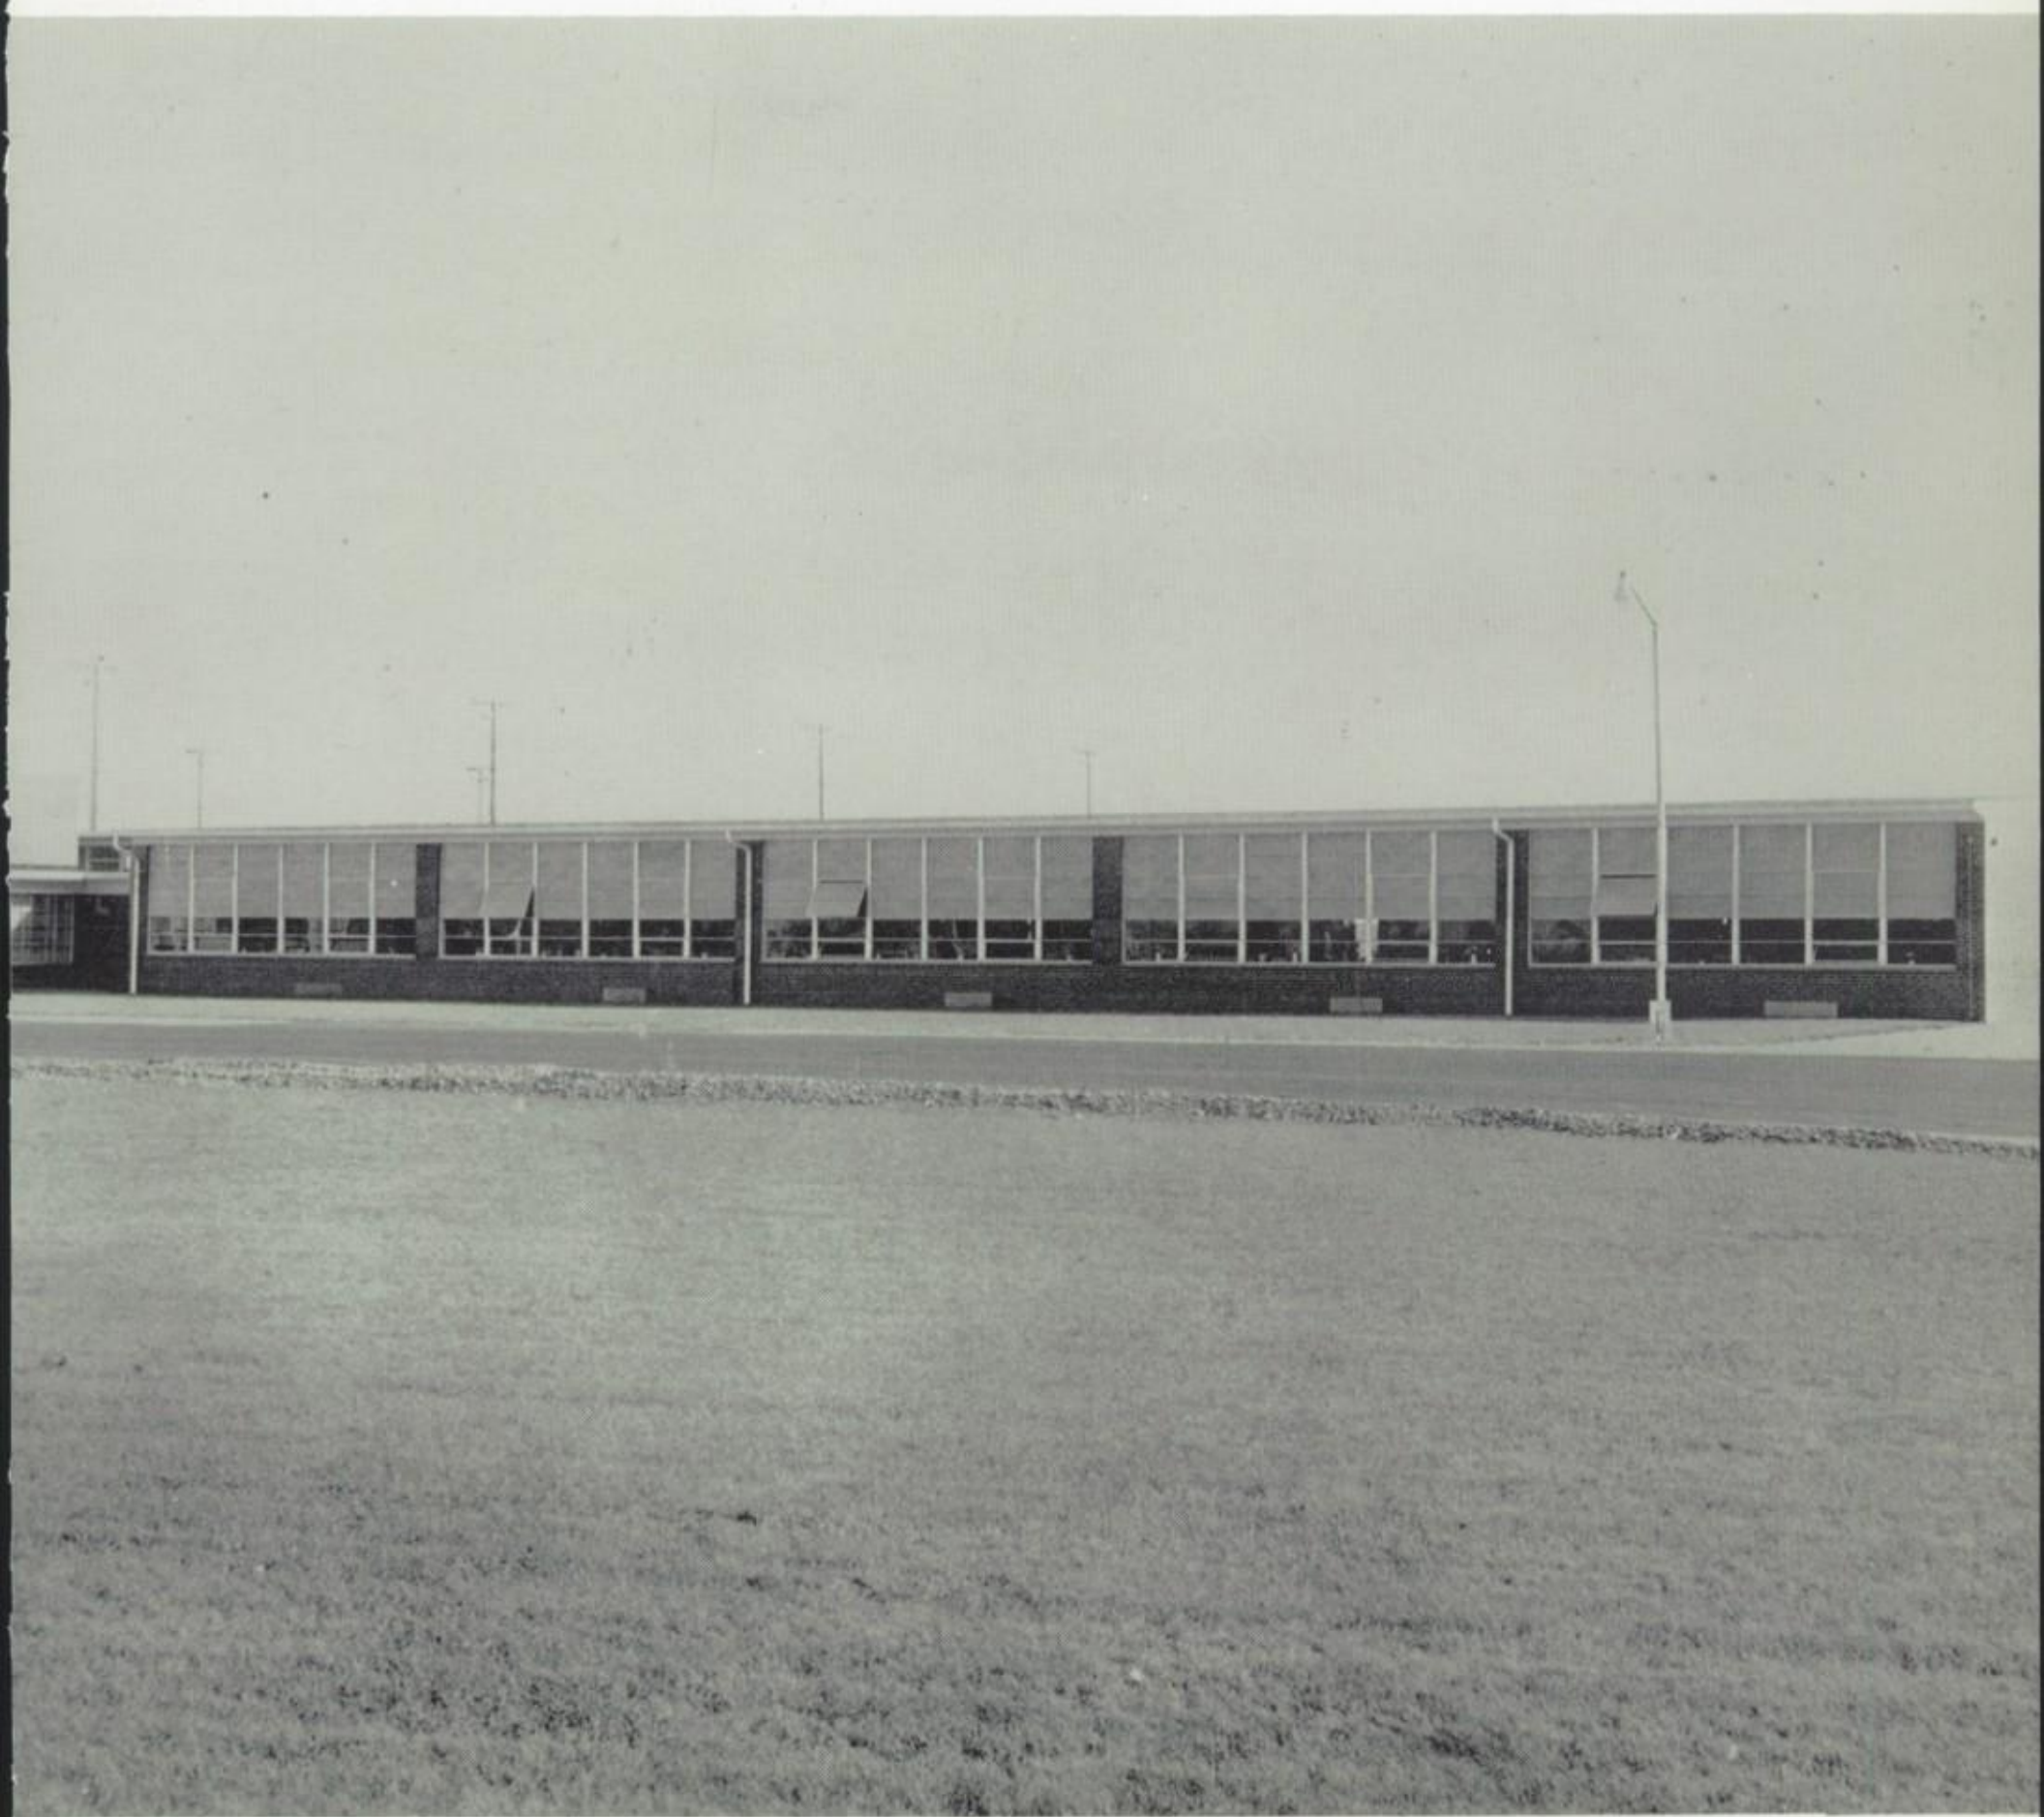

C-F Hi, our C-F Hi.

In classroom, field, or factory great,

We labor on to dedicate.

The glory of what we create,

To our dear, old C-F Hi.

C-F FIGHT SONG

Fight for Camden
Fight for Frontier
You are doing fine
We want you to do your best
A victory sure this time
Rah! Rah! Rah!

Fight for Camden
Fight for Frontier
Fight on for your fame
Fight, fellows, fight and
We will win this game.

IN APPRECIATION TO OUR PARENTS, WE WOULD LIKE
TO DEDICATE THIS 1964 REDSKIN

Without you parents, we wouldn't be
to the place we are today.
For all the things you've done for us
we never can repay.

Time and again you've stopped your work
to give a helping hand.
If your hours were laid in miles,
Around the world they'd span.

You've always been there when you're needed
With understanding, love, and care.
We've never had a problem to face
But that you've wanted to share.

Your patience is unmatched
Though failures we have made,
And the interest you have shown
Has never seemed to fade.

If I could only reach one goal
That goal would have to be,
Being just half the parent
That you have been to me.

By
Connie Lashaway

IN APPRECIATION TO OUR SPONSORS

We the class of '64 wish to express our deepest appreciation for all the hours you've sacrificed for our class. Few people realize what a time-consuming job being a class advisor is.

Your understanding, advice, and patience have guided us through our years in high school and your many contributions will never be forgotten by the class of 1964.

ADMINISTRATION

SUPERINTENDENT'S MESSAGE

I am happy for an opportunity to write a message to the graduates and the underclassmen of the Camden-Frontier High School.

Graduation brings to a close your high school days. These years filled with memories of fellow students, games, parties, and other activities will remain an important part of your life. Your associations with teachers and with the courses in which you were enrolled have contributed greatly to the development of your interests and ideals.

You are now ready to start a new endeavor. Continuing your education in colleges or trade schools or finding employment brings with it many responsibilities. Your training and education has prepared you to accept them in stride.

Regardless of what you do, plan to improve yourself at every opportunity. Make use of the libraries and other facilities about you. Read good books and periodicals which will help you keep abreast with the times.

Whatever you select as your place in life, make the most of it. Be happy in your occupation and get satisfaction in doing your best.

PRINCIPAL'S MESSAGE

The years have quickly slipped away and graduation time is here. You pause now at the open door ready to step into adulthood. As you step into the world of adulthood with your dreams and ambitions we wish you two things, happiness and success.

Happiness in all that you attempt to do, doing work you like to do, the best you know how. Success is not found in wealth and fame, success is attained when you have found happiness in what you are doing.

As you pause at the open door of adulthood remember not everyone gets a perfect start. Most of you will have handicaps to overcome, and other obstacles that will blast your hopes of happiness and success.

Knowing these things confront you I would like to give you this verse -

Courage must come from the soul within;
The man must furnish the will to win.
So figure it out for yourself, my lad--
You were born with all that the great have had.
With your equipment they all began;
Get hold of yourself and say, "I CAN!"

MISS
REDSKIN
OF
1963

Homecoming was very special to our class this year.

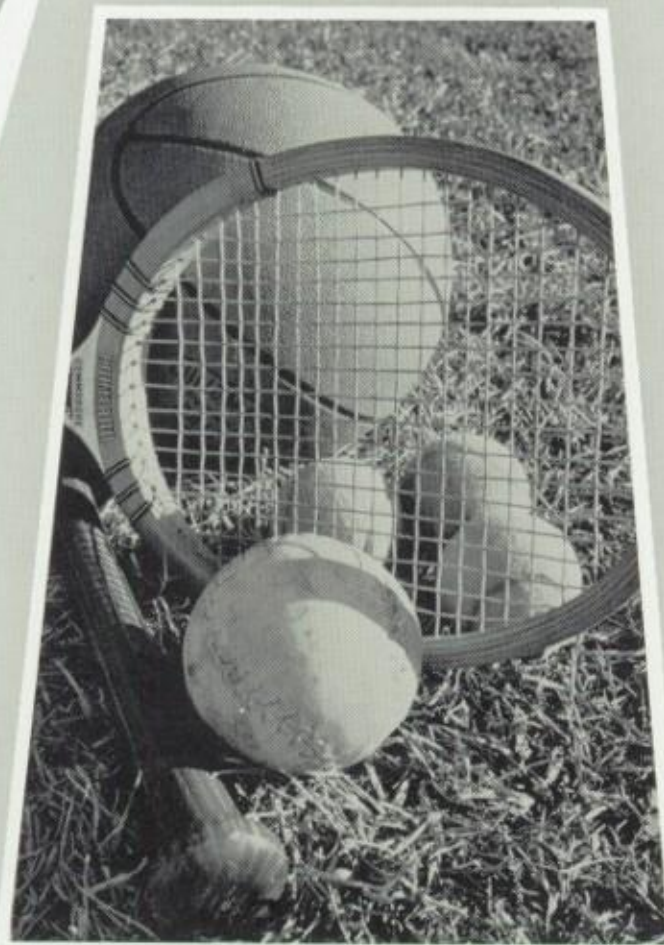

All the planning and preparation for this event brought the Seniors closer together.

Our advisors and each senior sacrificed many hours to make our homecoming the success it was.

Each class has its chance to organize an outstanding homecoming. This year was ours.

With homecoming past, we add another chapter to our Senior memories.

COACH DON EBY

Before we seniors leave the C-F school and end our basketball career, we wish to express our appreciation to Mr. Eby for his great sportsmanship and leadership. Again we thank you for all your hard work.

COACH DENNIS SPANGLER

Although these boys are just beginning their basketball career, with the leadership of Mr. Spangler they will be our "Varsity Stars of Tomorrow."

MID-SOUTHERN BASEBALL CHAMPS

Won 10 Lost 1 But the MID-SOUTHERN TITLE was won with the record of 8-1.

Some of the highlights of the season were when Tom Stuchell threw a no-hit, no-run game against Pittsford, defeating them 3-0.

Darrel Wasnick lead hitting with a .395 average and Roger Stuchell followed with a .368 average.

Terry Hall lead the team in home runs with 2.

None of this would have been possible without excellent team spirit and the will to win on the part of the ball-players.

To the coach, Paul Pontious, we can plainly see that his ability to work with the boys and lead them to a championship has lead the team to a most successful year.

There were four players lost by graduation:

Duane Bryner - Centerfield
Terry Hall - Third Base
Kenny Vallieu - Second Base
Bill Warfield - Catcher

A special "Thank-You" to Clayton Miller, the manager, for doing all the extra work for the team.

Good Luck to Mr. Pontious and his new team!

 COACH
 Mr. Eby

Cross-Country is a self-measuring type of activity. Each boy can see exactly how he stands in relation to the rest of the team.

A season of running will teach a boy a lot about himself. Out on the course there are a lot of temptations to quit. The race is long and gruelling and it takes a certain kind of perseverance to finish, let alone to win. A boy can learn much about his own character out alone on the course. Is he a quitter? Does he have "what it takes" to run hard when he's all in? Can he finish last without an excuse? All these things the boy can learn about himself. The answers to many of these questions may be obvious to his parents and teachers, but getting the boy to make a realistic self-appraisal is tough. It takes a situation in which he is forced to give more than he thinks he's got.

Cross-Country offers a boy three benefits aside from the physical improvement, Esprit De Corps, incentive, and pure fun of participation offered by other sports. These are: an activity in which a boy must force himself to perform at near maximum levels. An activity in which the boy can easily see his own abilities and come close to measuring his capacities; and an atmosphere in which the boy must be willing to stand on his own feet without benefit of help, do his best, and then live up to it. A boy who can do these is well on his way to an education.

These are the kind of boys we have here at C-F and we are mighty proud of them.

BUS DRIVERS

Gum wrappers, paper wads, spit-balls, railroad tracks, screaming kids and fighting fists are just a few things that a busdriver has to put up with. Just think of all those icy roads, spectator buses, and player's bus when all the bus driver thinks is that I must not let the kids down, and I must get the kids safely to their destination. We don't know why you bus drivers put up with this but we're awfully glad that you do.

We would like to take this opportunity to express our appreciation for the fine meals you have prepared for us. Few students realize the work that is put into these nutritious meals. Again we say "Thank You."

Custodians - Howard Ritchey

Have you considered how the halls get swept and the school is kept so clean? This could never be done without our efficient custodians. So the next time you enter the school why don't you look around and notice the favorable atmosphere. As you notice this atmosphere how about saying a silent "Thank You." It wouldn't hurt to say thank you to the custodians themselves. How about trying this?

CLASS HISTORY

August 1951 - That was the time that about forty, five year olds had been looking forward to; the launching of our little ship into the Sea of Education. We were launched in two ships. The one in Camden, disembarked from the basement of the Methodist Church with approximately 17 kids aboard and our launching master was Mrs. Marion Bates. At Frontier, Miss Nellie Potter launched another group of 20 shipmates. We bubbled along very happily all year in our little boats. The next year was filled with excitement for we were going to move ships, shipmates, launching pads and all into new shipyards being built between the towns of Camden and Frontier. First one date and then another was set until finally the day arrived, March 30, 1953. The best part of all of this was, now instead of being two separate ships so far apart, we could learn to know the shipmates of both groups and become the first graders of Camden-Frontier School, later to be the "Class of 1964." A rather small, but happy group, sailed along through the elementary grades. Oh, there were some pretty strong winds, even some storms, which caused the loss of a few shipmates, however, there were some new ones to take their places.

August 1958 - Remember! We were then sailing into deeper and more troubled waters. We weren't afraid though, because after all, we were shipmates and we had to stick together. We could choose our own captain and crew and thus really do things for ourselves. We chose Captain, Kay Robertson. For first mate, we chose Connie Lashaway. The Log Keeper was Mary Dillion. Keeper of the Treasure Chest was a new shopmate this year Tom Stuchell. There was another new mate, Susan Rogers.

Our second and final year of Jr. High was here and we chose for our Captain, Connie Lashaway, first mate was Diane Christensen, Log Keeper was Becky Johnson, and the Treasure Chest watcher was Kay Robertson. We took on two new shipmates, one of which was first mate, Diane Christensen. The other was John Richards. The fact that Donna Bearden, Bill Carpenter, Tom Mills, David Ritchey, Lloyd Smith, and Glen Hemminger were swept overboard, never to return, was quite saddening.

We returned into The Greatest Sea of Knowledge - our thoughts then - High School. We were traditionally initiated, which provided our shipmates with many pleasing memories. Remember the two inch red button, the nine inch purple feather, and Diane Christensen doing Kay Robertson's hair like a movie star's? As Freshmen we deserved a new crew so we chose Connie Lashaway as our captain with Kay Robertson first mate, Becky Johnson the Log Keeper, and Linda Beem the Treasure Chest Keeper. Incidentally our chest was beginning to get a treasure in it. Suppose that was their yearly savings. For the first time we sent representative out on a minor wave named Miss

Redskin Pageant. This representative was Connie Lashaway. That year we had a float that won third prize in the very same pageant. We were very proud of both. Our ship took on new mates throughout the year and they were Chase Alward and Shirley Ort. Again we had our losses; John Adams, Ronnie Fee, Dick Turner, and Bill Word all found better boats to sail, (for them, at least).

In 1961 we found our ship closer to its destination and we were beginning our eleventh of the thirteen year voyage. It is now our duty to administer initiation to the poor Freshmen. We really put them through an effective one. Our new Captain was Bob Copeland. His first mate was Shirley Ort, Log Keeper was Kay Robertson, and Treasure Chest Keeper was Dan Easterday. The shipmate we sent to Miss Redskin Pageant was Shirley Ort. All during this year our leaders were desperately trying to move the tradition of getting class rings in the junior year to getting them in the sophomore year. Our leaders succeeded! We got our rings the beginning of the junior year, because we ordered them the end of our sophomore year. There was another new wave in our Sea of Knowledge; this was the N.H.S. (National Honor Society) and Kay Robertson, yes, our own Kay Robertson, was chosen as one of its charter members. Another wave chose as its leader, Bob Copeland. This to be a future proposition, the wave of the Student Council.

Our ship checked inventory and found that we had taken on Mary Hein, Jim Myers, Joe Evers, and Steve Rehkiph, but we had lost at sea Roy Beard, Jerry Dryer, Becky Johnson, Susan Rogers, and John Mann.

The big year was finally here; our Junior year. After this, our ship would only have one more port of call to go through. As Juniors, our shipmates had many responsibilities. Our Captain was Bob Copeland, first mate was John Malone, Log Keeper was Shirley Ort, and Treasure Chest Keeper was Joe Evers. The first big project for our ship was selling magazines. We set a seemingly impossible goal, but amazingly enough our ship reached it and steamed on. The Christmas Dance was the next project. It was called "The Snow Flake Ball." This was tremendous success even though it almost emptied our Treasure Chest. Besides the money that was put into it, many hours of time was spent by shipmates and advisors and the worth of it all was seen in the outcome, for it was very beautiful and memorable. This year, another wave chose as one of its district officers, Connie Lashaway. The Miss Redskin Pageant was held and our representative was Cheryl Perkins. The wave mentioned earlier, N.H.S. took two more shipmates for members, Bob Copeland and Linda Beem. Later in the year our ship put on a play, "Hurricane Harriet," featuring Rick Peerboom, Dan Easterday, Kay Robertson, Linda Rockey, Bob Copeland, Jim Myers, Shirley Ort, John Malone, Linda Beem, Chuck Rader, Nancy Gary, Cheryl Perkins, and Myron Schaddt. Remember

all the difficulty we had teaching John Malone his lines? After the play the cast gathered at Director Peach's house. The party won't be as well remembered as the events that occurred afterward. Our two finest shipmates were rowing their canoe home when a guard rail seemed to reach right out and hit them. The Prom and Graduation offered many memories to each shipmate. One thing which will never be forgotten is the decoration for the Prom. The theme for the prom was Cinderella's Ball. Bob Copeland, Carol Gary, and Kay Robertson were chosen to attend Wolverine Boy's and Girl's State.

Our ship picked up an abandoned sailor, Rober Lichtenwald, and we kept him for our own. However, we lost Mary Dillon, Bob Foulk, David and Donald Rawlins, Sonny Weimer, Jerry Wasnick, and Beverly Van Aken.

Our Senior Year was here at last! Our ship had sailed through twelve stormy years and now the last was here. We tried to make this clear sailing. To start right off, we lost two students, Chase Alward and Carol Gary. Our crew, for the final year was, Bob Copeland as Captain, First Mate was Kay Robertson, Log Keeper was Shirley Ort, and Treasure Chest watcher was Linda Beem. We, this year, were hosts for the Miss Redskin Pageant. We sent three candidates for queen; Shirley Ort, Kay Robertson, and Connie Lashaway. Connie Lashaway was chosen Miss Redskin 1963-64. The Senior Play, "Good Gracious Grandma," featuring Bob Copeland, Rick Peerboom, Linda Beem, Shirley Ort, Kay Robertson, Jim Myers, Myron Schaddt, Tom Stuchell, and Nancy Gary was directed by Mr. Sexton. The N.H.S. picked for its membership Shirley Ort and Dan Easterday. The Daughters of the American Revolution (D.A.R.) chose Shirley Ort as the outstanding citizen from our ship. The top five from the "Class of 64" (which our ship was now named) were Kay Robertson, Dan Easterday, Bob Copeland, Rick Peerboom, and Steve Rehkoph.

The time has come when we must leave this Sea of Knowledge, only to find there is an ocean waiting for us. Our host ship will graduate thirty shipmates; eleven girls and twenty-eight boys. This high percentage of boys has been a characteristic of our class all the way through school. We never have had more than 35 percent girls. There still are a few charter members of our class. Those who started Kindergarten in 1951 and are graduating with us are: from Frontier; Kay Robertson, John Malone, Chuck Rader, Chuck Bowles, Darwin Hukill, Cheryl Perkins, David Stafford, and Larry Barr. Those who came from Camden are Jerry Dennison, Bob Copeland, John Cooney, Linda Rockey, Nancy Gary, Myron Schaddt, and Tom Patrick.

Respectfully written and submitted to the
Archives by the Historian of the Class of
nineteen sixty-four.

CLASS PROPHECY

Hi, all you folks out there. This is your old friend, Rick Peerboom. It's almost been 20 years since I graduated from C-F High back in 1964. I'm a detective today with branches all over the world. One day I got to thinking about all my fellow graduates and I decided to do a little investigating about them and see just how they turned out. This is the report I received. Let me read it to you.

I think I'll start with Earl Weimer. My golly! It says here he was named Fisherman of the Year. Why? Why because he married a woman who had worms.

Then there's Carol Tracy. Well what do you know? She's first sergeant in the Men's Marine Corps.

Well surely Terry Tanner turned out to be a minister or like that. What? It says here he's in prison for smuggling food out of the Market House. Huh! I knew he'd turn out no good.

Well say now! I see Jerry Dennison turned out to be the really smart one of the group. He knew all his buddies were always hot rodding their cars so to cash in on this he opened Jerry's Wrecker Service. Boy he's got it made.

And for that matter, so does Dave Stafford. He married Carolyn Cole finally and they've had such a happy marriage, that he's written a best selling book about it: "Raising Kids for Fun and Profit."

Oh ya, then there's Lynn Beem. I don't need a report to find out about him. Weighing in at 213 pounds he's the new Heavy Weight Champion of the World. He's the biggest attraction East of the Mississippi.

But look who's the biggest thing West of the Mississippi? Why it's that mad screen lover from Hollywood - Hotlips Hudson. But just between you and me it's really our old classmate, John Cooney.

This next one makes my heart feel good to know that Shirley Ort is a missionary in India teaching birth control. Oh, there's a little note attached that says that she'd never have been able to do it without the assistance of her 13 children.

Well, say now! Chuck Bowles has got an interesting job. He drills the holes in macaroni. I knew he'd use his talents to land a top job!

Remember when Diane Christensen won the Betty Crocker award for cooking? She's used her cooking ability well, by

opening: "Grandma Christensen's Old Fashioned Truck Stop." I bet that's a popular place.

Well at least Tom Patrick found his place in life. He's an undertaker and doing real well. His motto is, "You stab 'em; we slab 'em"

Well, well, here's Dardy Hukill and he's got a keen job as football coach at Vassar Girls' College. Boy, that must be an interesting job. He's the most popular job. He's the most popular coach of all time.

Well Dardy may have an interesting job but Dave Jenkins has the sweetest job on earth. He's a honey dipper.

LaMar Ballinger and Larry Barr stuck with the hot rods and now are the new owners of Onondaga Drag Strip.

Chuck Rader, because of his unusual eyesight, has a good job picking fly specks out of pepper.

Nancy Gary, I see, got tired of working here in the U.S. and is working in a factory in Italy shoving pimentos in Olive holes. It's got a good future.

And to top that one, remember Clayton Miller and his gum give-aways? Well he, got sick of regular gum and has invented "Claytie Brand Chewing Gum." It lasts only half as long so he can give more away.

Scherrie Miller, Cheryl Perkins, and Jim Person have gone into business together. Scherrie owns Blanche's Lonely Hearts Club, Cheryl is the bubble dancer and Jim is the bubble blower. Real interesting work - at least for Jim.

Linda Rockey has a good job as an assistant veterinarian. When an animal comes in to get operated on, she comforts them by holding their paws.

A famous racer of today is the one and only Speedy John Malone. It says here he just finished second at the Daytona 500 in his famous Chevy 6.

Tom Stuchell, too, has made a name for himself. Whenever you speak of the Greenboy Packers you hear about the one man they depend most upon. Yes, as waterboy Tom is a real hit!

Poor Steve Rehkopf hasn't had it so good. Too much of Grandma Christensen's food. He's the Dark Horse candidate for President who hasn't won yet. Well, Good Luck next time!

The opposite is true of Connie Lashaway. Because of her gentle ways she has pushed her way into the heart of every

cow in America. Why only last week she was elected chairman of the Holstein Association of Michigan. Lucky girl!

Roger Lichtenwald illustrates that old saying: Once a clown, always a clown, by his becoming the top funny man at Ringling Brothers! I knew he was good for something!

The one I'm proudest of is Bob Copeland. Historian of his class, degree from M.S.U., numerous other degrees and scholarships, he has put his talent to good use by getting a job as grease monkey at Joe's garage. Nice work Bob!

Bill Keller is really a surprise. He's the manager of Bill's slenderizing Salon. Now he's living off of the fat of the Land.

It says here that Linda Beem used to sell John Deere Farm Equipment but that after all she is a girl and so now she gave up men's farm machinery to sell Allis Chalmers - Good for her!

Myron Schaadt is still the playboy he used to be. He's a bathing suit judge for Miss America contests. I wonder if he needs any help?

Oh, these next two really prove that the flame of love never dies. Kay Robertson was picked to be the first teacher on the moon. She couldn't stand the cheese it's made of and so Space scientist Dan Easterday rushed to her side in his space ship but broke the North Pole getting there. He always had the funniest habit of breaking posts and guard rails. Too bad!

This next one like the two above will surprise you most of all.

Mary Hein, dear, shy, quiet, Mary is now relaxing in her own chair, electric chair, this is, awaiting trial for the embezzlement of \$4,000,000, from her boss, Mr. Vaughn. The hectic life of a secretary drove her to it.

Finally we have those four sharp guys, Mitgard, Myers, Evers, and Strouse who have gotten up a quartet called the Buzzards! What a sensation. They've got the girls rocking with "I Want To Eat Your Hand!"

Well that does it. Now I'll just sit her and relax. Thanks for dropping in!

Marcia,
So a real cute
and charming
junior friend. Thanks
so much for helping me
out when things were pretty
bad. You'll never know how
much it meant to me.

Good luck to you next year
and when you begin your fun in

Sincerely,
Carnie Lashaway

P.S. Remember all our
laughs and fun we've
had.

Marcia,

Remember all the
wonderful times
at C-F high.

It's been a
real privilege know-
ing you.

Always stay as
sweet as you
are now and
keep that "winning"
smile.

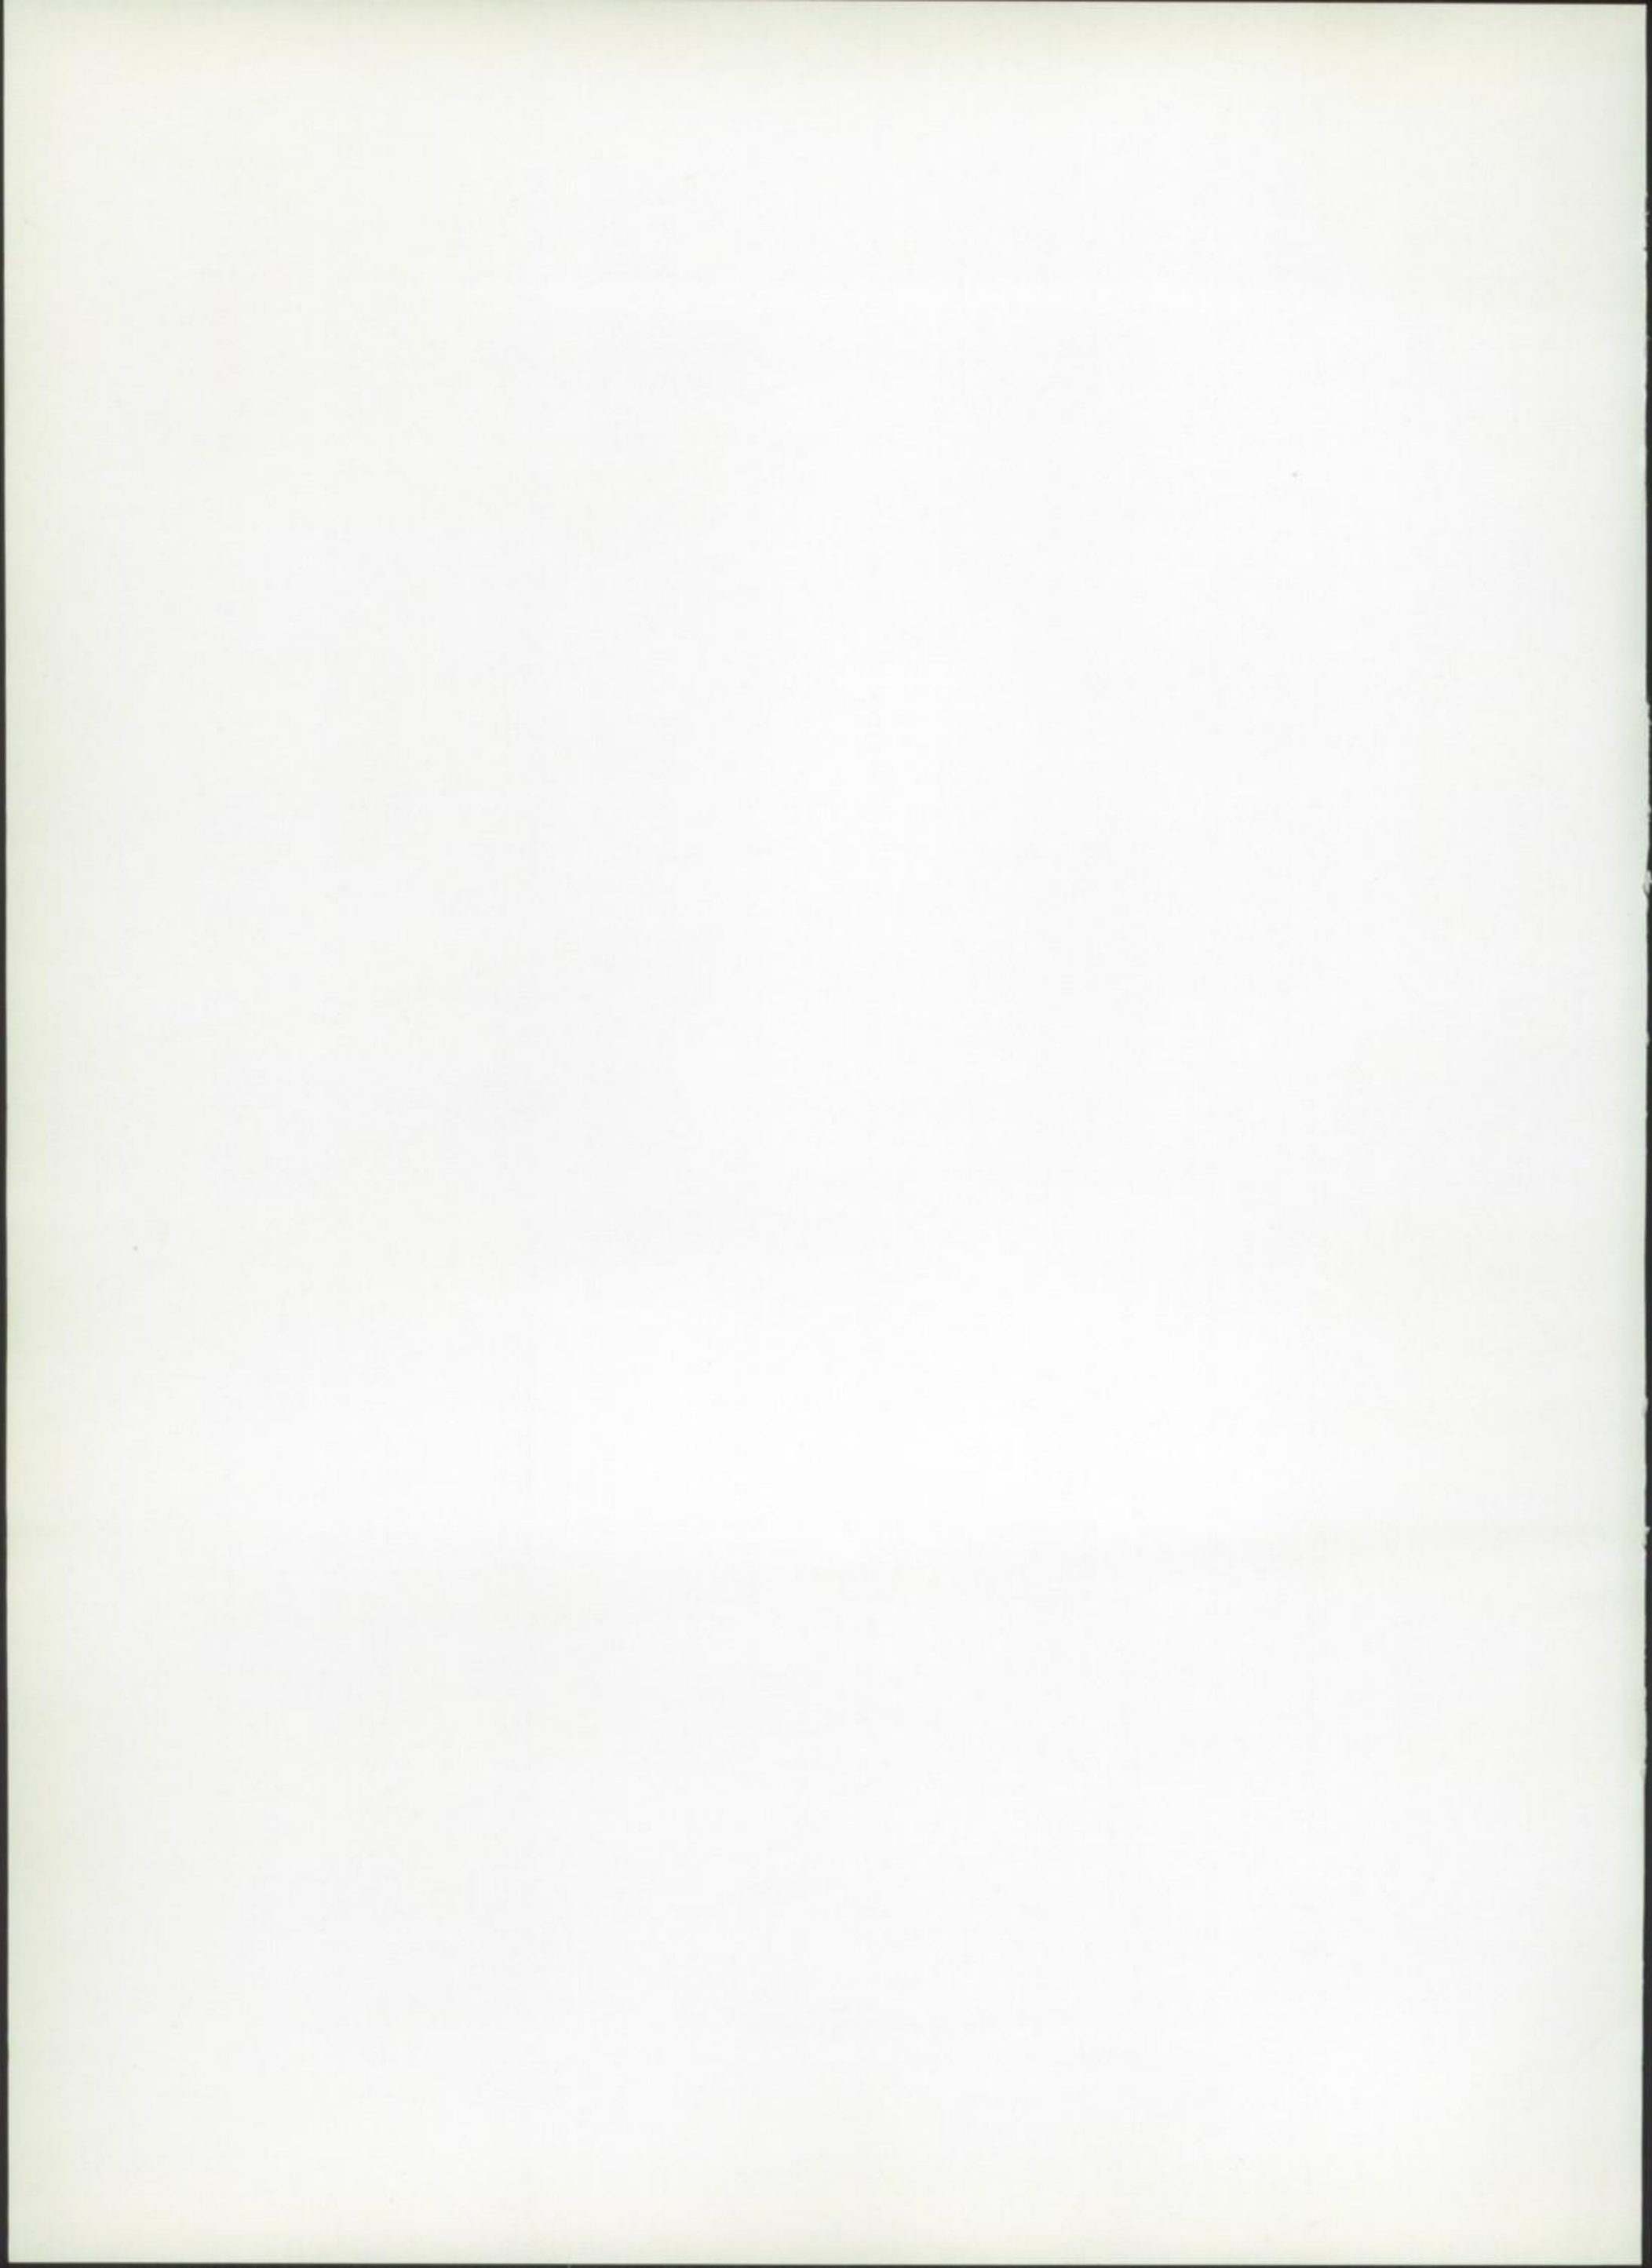

Always,

Kay Robertson
